Max,

In regards to the above referenced claim please get me copies of the following:

Invoices billing the three tools listed on the purchase order.

Historical time line by date of the event dates relating to each of these tools including:

- \* Invoice & shipment dates
- \* PPAP submission (& resubmission where applicable) dates
- \* PPAP approval dates

I'm trying to establish which side of the filing date these tools belong

According to the documentation submitted with Pioneer's claim, the PPAP was approved 11/9/05 - nearly a month after the filing date.

Thanks
